Mission Statement

This term, our Pupil Senedd has been working on creating a mission statement that reflects what matters most to us as a school community. The Head and Deputy Head Boy and Girl gathered ideas and narrowed them down to a top four, which the Senedd then voted on using dot voting to choose the one that best represents our shared values and goals. The final mission statement is:

“Making a difference together – We are working together to improve our school and community. Through listening, discussing and taking action, we aim to make our school a better place for everyone, ensuring that all opinions and ideas are valued.”

Posters with the new mission statement have now been put up around the school to remind us of our commitment.

Suggestion Boxes

We're excited to let you know that **Suggestion Boxes** have now been placed in every classroom! These boxes are a way for you to share your ideas, thoughts, or small worries to help make our school even better. Whether it's a fun new club, an idea for the playground, or something you'd like to improve, just write it down and pop it in the box. You don't even have to put your name if you don't want to! The Pupil Senedd will check the boxes each week,

discuss your suggestions, and work with staff to make changes where possible. This supports your right to be heard, to feel safe, and to have the best school experience you can. Remember—this is *your* school, and your voice matters!

What have we been up to
